Perspectives on India's Trade Policy

Gordon Bacon
CEO, Pulse Canada

Pulse Canada 

Powerful and Colorful Comments

“dramatic and disruptive days in India”

“massive impact in Kenya”

“give us a clear picture, predictability”

“facing a contradiction- trade and relations versus farmers and domestic support”

Domestic Policy has wide reach

•India's farmers

•India's Consumers

•Pulse trade globally

•Farmers in countries around the world

•Trade relationships across products

World Economic Forum 2018

“Mr. Modi also expresses his displeasure of protectionism.”

“Such misplaced preferences can't be considered any less of a threat than terrorism or climate change.”

THE  **HINDU**

Develop a Shared Pulse Position

•On fumigation

•On import quota restrictions and import levies

•On treatment of contracts and cargo enroute to India

•On contracts and procedures withing the trade

Fumigation

- Science-based assessment of risk specific to origin of import*
- Prescription of treatments that are commensurate with the risk posed from specified pests from specific countries.*
- Plant protection rules must not be used to restrict trade or act as financial disincentive to trade*

Import Duty and Import Quota Restrictions

Predictable and Clear Rules

***A demonstrable linkage between MSP,
India's domestic pulse price and the
imposition of quota or tariff restrictions
on imports***

***What drives them up, and what takes
them down***

Import Duty and Import Quota Restrictions

Clear procedures on assessment of duties; consider recommending use of published price to determine basis for levy rather than invoice value. Ensure fair practices by all.

Import Duty and Import Quota Restrictions

WTO Agreement on Agriculture

***Article 5:3 additional duties on products
“tariffed” shall not be applied to goods
“en route on the basis of a contract
settled before the additional duty is
imposed”.***

Trade Contracts

Issues of contract default and processes to address disputes – issues such as

Non-objection certificates
